

**Wednesday, April 22, 2015
12:30 p.m. - 5:00 p.m.**

Agenda

12:30-1:00pm	Registration
1:00-2:00pm	Welcome – Guest Speaker: Commissioner Kimberly S. Ward
2:00-5:00pm	Concurrent Breakout Sessions
5:00-6:30pm	Cocktail Reception

PRESCRIPTION DRUGS: WHAT'S IN A NAME? - F&P welcomes back Dr. David Maine for a brief introduction to the most commonly prescribed medications in the realm of workers' compensation. We'll explore types of medications, indications for use, risks for abuse and FDA safeguards. How well do you know your NSAIDS, Corticosteroids, Opioids, Muscle Relaxants, Anti-anxiety, Anti-depressants and Anti-convulsants?

ALL TOKING ASIDE, MEDICAL MARIJUANA IS NO LAUGHING MATTER - With Maryland being one of the most recent states to pass laws relating to medical marijuana, employers and their insurers are now faced with new safety threats involving the legalization of marijuana. In this session, you will learn about the problems defending cases arising from medical marijuana use as well as the host of concerns involving marijuana as compensable medical treatment. Lastly, you will learn what can be done about employees that legally take medical marijuana but violate an employer's drug testing policy.

ARE YOU SMARTER THAN A 5TH GRADER? - It's back! Everyone's (occasionally) favorite quiz designed to test your knowledge of relevant, (and occasionally irrelevant), workers' compensation knowledge. Join us for your chance to win something from the F&P prize vault and learn something new about WC in Maryland.
